Objective

Motivated full-stack developer eager to apply technical expertise in a dynamic organization. Proficient in delivering innovative solutions, optimizing system performance, and staying abreast of the latest technologies to drive professional and organizational success.

Relevant Experience

Database Management Intern ,Tech Vance   **Sep 2024 - Oct 2024**

- Created efficient database schemas to enhance data organization and accessibility.
- Improved query performance by analyzing and fine-tuning SQL statements.

Full Stack Web Development Intern , Digikull   **Sep 2023 - Apr 2024**

- Built dynamic web applications leveraging both front-end and back-end technologies.
- Streamlined database operations using MySQL and PostgreSQL to ensure scalability and efficiency.

Academic Projects

Zesty-Zone Django Based Application   **Nov 2024 – Present**

- Structured the application to handle high user traffic and scale easily as demand increases.
- Implemented secure and reliable payment functionality for seamless transactions.
- Designed a smooth and intuitive user authentication system, including registration, login, and password recovery.

Shopping-Market React- DRF-Redux Based Application   **Nov 2024 – Jan 2025**

- Developed scalable web apps with Django (backend) and React-Redux (frontend).
- Built and integrated REST APIs for seamless frontend-backend communication.

E-commerce Website Django Based Application   **Sep 2024 – Oct 2024**

- Developed a feature-complete online shopping platform using Python, Django, and MySQL.
- Integrated secure user authentication, shopping cart functionality, and a Razorpay payment gateway for smooth transactions.

E-Learning Website Django Based Application   **Sep 2024 – Nov 2024**

- Designed a comprehensive learning management system (LMS) with Python, Django, and MySQL.
- Enabled role-based access, student progress tracking, and instructor course management.

Education

Maharaja Bundelkhand University, Chhatarpur,Madhya Pradesh   **Aug 2020 - Jul 2023**

Bachelor of Science in Computer Science

Technical Skills

Development: HTML | CSS | Bootstrap | JavaScript | React | MySQL

Programming : Python | Django | SQL | Rest Api | Fast Api

Developer Tools : VS Code | GitHub | MySQL Workbench | MS Office

Library : NumPy | Pandas

Achievements

- Successfully completed an extensive Full Stack Web Development Internship at Digikull.
- Enhanced database management skills through an internship at Tech Vance.
